[HB 100 King, Ken\(R\)](#) Relating to the compensation of public school educators and to the public school finance system, including enrollment-based funding for certain allotments under the Foundation School Program.

Voted out of the House with numerous amendments on April 27th. If approved by the Senate, in its current form, this bill will change the Property Value Study (PVS) and Audits.

Among many other things, we believe HB 100 would continue the Comptroller's PVS, but it would change the determination of the District Property Value (DPV) used in state funding formulas. Doing so would eliminate the use of the Comptroller's assignment of a state value as a PVS finding. Instead, the Texas Education Agency (TEA) Commissioner would determine the DPV for school districts by recognizing local values with deductions allowed under Government Code Section 403.302(d).

Additionally, the bill appears to effectively eliminate the ability of school districts to correct and/or audit the values reported under the Government Code. Without reference to Government Code Section 403.302(h) the bill does not clearly direct the TEA to accept changes to the DPV. As a result, school districts may no longer be able to recover funding through corrections or taxable value audits of the DPV, which ameliorate the impacts of property tax litigation or reporting errors.

A separate portion of the bill removed passing the Comptroller's MAP review as an impediment for grace period eligibility on the PVS.

The proposed legislation also alters the way the Tier One tax rate compression ceiling is calculated, basing future reduction of that ceiling on local property values.

Finally, it would also provide PVS Hardship Grants in the 2023-24 and 2024-25 school years for school districts that failed the PVS in the prior school year. This could impact school districts who had state values assigned on the PVS in the 2022-23 school year. However, there appears to be a cap at \$175 million.

[HB 4082](#) [Goldman, Craig\(R\)](#) Relating to purposes for which certificates of obligation or tax anticipation notes may be authorized.

Adds 271.043 (7-a), Local Government Code and 1431.001(6) Government Code.

House Subcommittee substitute adds a definition for "public work" to the respective Code chapters related to issuing local government bonds for the construction of any public work where it was previously undefined. The proposed definition includes a broad list of specific public improvements for issuance of bonds including the rehabilitation, expansion, reconstruction or maintenance of an existing sports facilities created to act on behalf of a municipality or county.

The bill prohibits issuance of bonds to build new facilities which more than 50 percent of the average annual usage is intended for professional or semi-professional sports, a new stadium facility intended to be leased by a single for-profit tenant for more than 180 days in a single calendar year or a hotel.

Senate Floor Amendment adds Chapter 556.0056, Government Code, and amends Section 81.026, Local Government Code.

Restricts political subdivisions from spending public funds on individual or nonprofit state organizations that hire lobbyists. Allows taxpayers of the political subdivision to seek injunctive relief to prevent further activity or payment of public funds to lobbyists along with recovery of reasonable attorney's fees to bring the action.

The bill allows a county judge or county commissioner to serve on a nonprofit association of counties so long as it does not spend public funds to be a member or serve on the governing body.

The bill removes the restriction in the Local Government Code prohibiting spending public funds on an association that directly or indirectly influences legislation pending before the legislature so long as the organization does not hire a lobbyist.

The bill does not prohibit a full-time employee of a nonprofit state association from providing legislative updates, communicating with legislative members, or testifying for or against legislation.

The restrictions in the bill do not apply to a city or county using public funds to compensate a lobbyist attempting to influence legislation related to the military, military service members or veterans.

PROPERTY VALUE STUDY

[HB 100 King, Ken\(R\)](#) Relating to the compensation of public school educators and to the public school finance system, including enrollment-based funding for certain allotments under the Foundation School Program.

Voted out of the House with numerous amendments on April 27th. If approved by the Senate, in its current form, this bill will change the Property Value Study (PVS) and Audits.

Among many other things, we believe HB 100 would continue the Comptroller's PVS, but it would change the determination of the District Property Value (DPV) used in state funding formulas. Doing so would eliminate the use of the Comptroller's assignment of a state value as a PVS finding. Instead, the Texas Education Agency (TEA) Commissioner would determine the DPV for school districts by recognizing local values with deductions allowed under Government Code Section 403.302(d).

Additionally, the bill appears to effectively eliminate the ability of school districts to correct and/or audit the values reported under the Government Code. Without reference to Government Code Section 403.302(h) the bill does not clearly direct the TEA to accept changes to the DPV. As a result, school districts may no longer be able to recover funding through corrections or taxable value audits of the DPV, which ameliorate the impacts of property tax litigation or reporting errors.

A separate portion of the bill removed passing the Comptroller's MAP review as an impediment for grace period eligibility on the PVS.

The proposed legislation also alters the way the Tier One tax rate compression ceiling is calculated, basing future reduction of that ceiling on local property values.

Finally, it would also provide PVS Hardship Grants in the 2023-24 and 2024-25 school years for school districts that failed the PVS in the prior school year. This could impact school districts who had state values assigned on the PVS in the 2022-23 school year. However, there appears to be a cap at \$175 million.

Companions: [SB 748](#) Flores, Pete(R) (Identical)3- 1-23 S Introduced and referred to committee on Senate Finance

Amends Section 140.011, Local Government Code by amending Subsections (a), (b), (d), (h) and (i) and adding Subsection (j).

Limits revenue used to calculate a disabled veteran assistance payment to only "ad valorem tax revenue," that is, ad valorem taxes imposed by a local government for the tax year in which the local government's fiscal year begins. Existing law is based on all "general fund" revenue.

Expands the definition of "Local Government" to include all municipalities and counties, rather than those adjacent to or containing a United States military installation.

Lowers the standard for a local government to qualify for a disabled veteran assistance payment if the amount of lost ad valorem tax is greater than one percent of its ad valorem tax revenue from the existing two percent.

Revises the disabled veteran assistance payment to the amount calculated by subtracting one percent of the local government's ad valorem tax revenue, rather than general fund revenue, from the local government's lost ad valorem tax revenue resulting from the disabled veterans exemptions under Section 11.131, Tax Code.

Clarifies and codifies that the disabled veteran's local government assistance account is administered by the comptroller; consists of money deposited to the account under Section 151.801, Tax Code, and other money deposited at the direction of the legislature; and may be used only for the purpose of making payments to qualified local governments entitled under this section.

Provides that disabled veteran assistance payments are subject to the comptroller's determination as to whether the balance of the account is sufficient to pay the full calculated payment amount to qualified local governments, and such payments shall be proportionately reduced as necessary to prevent the account from becoming insolvent.

Provides that the change in law made by this act will apply beginning with the fiscal year of the local government that ends in the 2023 tax year.

Amends Section 151.801, Tax Code by amending Subsections (a) and (d) and adding Subsection (c-4).

Requires the deposit of tax proceeds on the sale, storage, use, or other consumption of taxable items inside the boundaries of a United States military base to the disabled veterans local government assistance account.

Requires the comptroller to determine the amount to be deposited to the account from such tax proceeds according to available statistical data related to the estimated or actual total receipts in this state from the sale, storage, use, or other consumption of taxable items. If statistical data are not available, the comptroller may require reports by taxpayers who make taxable sales or use of taxable items inside the boundaries of a United States military base as necessary to make the required allocations.

Amends Chapter 2264, Government Code, various sections.

Requires a contractor or subcontractor for any state agency to register with and participate in an E-verify Program to enter into a contract and during the term of the contract. The contractor or subcontractor must verify that they are not ineligible to receive the contract under Subchapter C, Chapter 2264. If a state agency determines that a contractor is not participating in the E-verify program, was awarded a contract in violation of Section 2264.102, or hired a subcontractor that is not registered or participating in the E-verify program, they shall report it to the comptroller who shall bar the contractor from participating in state contracts for a period of one year. It is a defense to disbarment that the contractor did not know that the subcontractor was in non-compliance.

Adds Chapter 53, Labor Code. Prohibits an employer for classifying an employee as an independent contractor for the sole purpose of avoiding the requirements of registering and participating in the E-verify program to verify information of all new employees.

Adds Chapter 181, the Local Gov't Code.

Requires political subdivisions to participate in the E-verify program to verify information of all new employees.
